BEYOND LIGHT..
TO THE LAST DETAILS!

We strive to be
the leader in the industry
and the world's most
respected lighting solution
provider.

ILLUS Lighting

ILLUS dedicates itself to provide human oriented architectural lighting solution and products for indoor and outdoor applications. A truly innovative company, ILLUS has always been at the forefront of professional office lighting since inception. Since then ILLUS continues developing innovative, custom lighting solutions that meet extremely exacting requirements in terms of ergonomics, economic efficiency and environmental compatibility and also deliver aesthetic added value to our customers. Our customers will always find that our solutions reflect the requirements satisfying a broad range of customer needs for every lighting application ILLUS is a brand that helps revealing the beauty around you where it constitutes of products and solutions designed with care and attention to detail giving professional quality products.

Our goal has always been to offer our customers a first-class product backed by unparalleled service, focused on solving our client's illumination challenges.

Our Vision

In ILLUS every detail created with enthusiasm constantly evolving technology to simplify the life of people. We consistently innovate and devote to decrease power consumption to ease the burden of earth. Light is essential for people's life quality and well-being, we care for every situation people need artificial light whenever light serves. ILLUS lighting is beyond light, to the last details.

R&D and Manufacturing

Manufacturing

ILLUS has two directly-operated production bases in Yangzhou covering an area of 25,000 square meters and 300 staffs. The production bases contain over 30 hi-speed automatic encapsulation lines, 15 automatic SMD and applied welding lines, 5 automatic extrusion lines and 6 automatic luminaire production lines, characterizing a complete production process for LED strip inclusive of LED encapsulation, hi-speed SMT, automatic welding and full series of water resistance with average monthly production capacity of LED strips reaching up to 1.5 million meters. Besides, ILLUS modernized manufacturing factory to achieve a complete production process for linear luminaire inclusive of precision machining, automatic assembly, color spraying and free customization with average monthly production capacity reaching up to 120,000 strips in order to assure customers of high-quality, super cost-effective products and rapid delivery.

R&D

ILLUS has established a R&D expert team composed of over 50 core technicians, a majority of which graduated from top-rated universities and are proficient in such fields as optics, technique, material science, electrics, thermal physics, intelligent control and industrial design with more than 10years R&D experience and technical know-how in linear lighting.

Laboratory & Inspection

Laboratory of ILLUS, covering an area of 460 square meters, was outfitted with 48 sets of equipment which was distributed as per safety zone, EMC zone, photoelectric zone, IP water resistance zone, aging zone and product reliability zone. Inspection covers products inclusive of LED strip, neon strip, linear luminaire, power supply and related accessories, with inspection standard ranging from safety, EMC, performance to product reliability. Testing reports can be tracked all the way from product design evaluation period to type approval period to guarantee quality of products.

Patent

ILLUS strives to R&D in product and technology. So far, it has gained 3 invention patents and nearly 100 utility model patents and appearance patents.
