CLEANER PRO

PROFESSIONAL MAINTENANCE FOR SURFACES

Porcelain and ceramic tiles, concrete, wood, marble, granite and natural stone, plastic laminates and lvt, linoleum, rubber and pvc, terracotta and quarry tiles

WHAT IT'S FOR

- Delicately cleans all types of floors and surfaces.
- Does not affect treated and delicate surfaces.
- It's essential for washing natural stone floors after being laid particularly those with polished finish that are sensitive to strong detergents.

ADVANTAGES

- Contains biodegradable ingredients
- It cleans but does not attack.
- With high dilutions of product (1:200) there's no need to rinse as it does not leave any residues.
- Highly concentrated, can be used at various dilutions.
- Ideal for maintenance of all waxed surfaces.
- It can be used with scrubber-dryer machines at 1:200.
- Ideal for laminates.
- Pleasant fragrance.
- HACCP-compliant product
- Pet safe: suitable for spaces with domestic animals.

Packaging:

1 litre: boxes of 12.

5 litres: boxes of 4.

Coverage and dilution (1 litre):

Maintenance 1:200 1500 m²

Initial stone wash 1:30 50 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

CLEANERS

CR10

CLEANER FOR EPOXY RESIDUES

Porcelain tiles, glazed ceramic tiles, glass mosaic, polished quarry tiles

WHAT IT'S FOR

- High viscosity liquid detergent for cleaning epoxy grout residues, stains and streaks from wall and floor surfaces.
- Ideal for non-absorbent materials such as porcelain tiles, glazed ceramic and glass mosaics.

ADVANTAGES

- Contains biodegradable ingredients
- Due to its viscosity, it removes epoxy grout stains and marks from surfaces.
- It is also effective in removing significant, consolidated residues.
- Does not affect material.
- Easy to apply.
- Pleasant almond fragrance.

Packaging:

1 litre: boxes of 12.

Coverage (1 litre):

up to 10 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

CLEANERS

**ECO
ADVANCED
FORMULA**

**BIODEGRADABLE
INGREDIENTS**

ETERDEK PRO

END-OF-WORK CLEANING

Porcelain tiles, glazed ceramic tiles, acid-resistant materials, terracotta, quarry tiles

WHAT IT'S FOR

- Detergent for end-of-installation washing
- Removes post-application deposits and stubborn inorganic dirt.
- Eliminates saline efflorescences from terracotta.
- Eliminates lime-scale from floors, showers, sanitary fittings.
- Thoroughly cleans outdoor floors.
- Exerts a simultaneous descaling and cleaning action owing to its high content of surfactants, without attacking the material.
- Effective against traces and deposits of rust.
- It helps to remove signs of engobing on ceramic and porcelain tiles surfaces

ADVANTAGES

- **New eco-advanced FORMULA:**
 1. Contains ingredients that are biodegradable up to 98%.
 2. An innovative phosphate-free formula.
 3. Exerts a controlled long-lasting action that improves washing efficacy.
 4. Effective on residues of newly formulated admixed cement grouts.
 5. Contains EPA-compliant surfactants.
- Buffered acid, does not produce harmful fumes for the user and the environment.
- Does not alter the appearance or colour of materials
- Does not ruin profiles or items in aluminium and steel (kitchen hoods, pipes...).
- Can be used on many surfaces, terracotta, porcelain and ceramic tiles, and acid resistant stone.
- Has many functions: it can clean and remove deposits according to dilution.
- Suitable for cleaning in conformity to the UNI 11493:2016-1 standard.

Packaging:

1 litre: boxes of 12.

5 litres: boxes of 4.

Coverage and dilution (1 litre):

Terracotta 1:5 10/20 m²

Porcelain tiles 1:5-1:10 40-80 m²

Natural stone 1:5-1:10 20/35 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

CLEANERS

INSTANT REMOVER

INSTANT CLEANER FOR FRESH CEMENT GROUT

Porcelain tiles, ceramic tiles, glass mosaic, quarry tiles

WHAT IT'S FOR

- Removes fresh cement grout residue, including grouts containing additives
- Ideal for cleaning the backs of large format tile before laying
- Perfect for cleaning grout floats and application tools
- Prevents the dull smears or streaks caused by failure to remove grout residue

ADVANTAGES

- Contains biodegradable ingredients
- **RAPID DRY TECHNOLOGY:** fast-acting, to be used during the laying process
- Does not foam and does not require rinsing
- Safe for the installer and the environment
- Does not damage materials or grout
- High coverage
- Does not damage aluminium or steel trims
- Does not emit harmful fumes
- For indoor and outdoor use, on walls and floors
- Patent pending: application system with effective and certified results

Packaging:

750 ml spray bottles
in boxes of 12.

Indicative for 750 ml bottle

Large format tile up to 350 linear metres
Mosaic Up to 15 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

CLEANERS

MAX

SOLVENT-BASED WAX REMOVER

Terracotta, quarry tiles, porcelain tiles, unpolished stone and agglomerates, glazed ceramic tiles, concrete

WHAT IT'S FOR

- Removes seasoned treatments or treatments of unknown origin
- Works effectively as a strong wax remover where traditional water-based wax removers fail.
- Highly recommended for removing particularly stubborn wax treatments from terracotta and stone

ADVANTAGES

- Compared to traditional wax removers, it can be used with a single-disc cleaning machine because there is no risk of flammability
- Excellent as an intensive degreaser on floors with ingrained dirt

Packaging:

5-litre cans in boxes of 4.

Coverage and dilution (1 litre):
diluted 1:5 20 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at [filasolutions.com](https://www.filasolutions.com)

CLEANERS

NORUST

RUST STAIN REMOVER

Marble, granite, natural stone, agglomerates, porcelain tiles, ceramic tiles, terracotta, concrete,

WHAT IT'S FOR

- Removes surface rust stains.
- Thanks to its non-acidic formulation, it is particularly suited for delicate applications on surfaces like polished marble.

ADVANTAGES

- Viscous consistency: it acts directly on the stain you want to remove, thus optimising its effect and avoiding wastage.
- Acts in just a few minutes: it removes stains in just 15 minutes.

Packaging:

75 ml bottles in boxes of 12.

Before full application, carefully read the instructions on the product label or on the technical data sheet found at [filasolutions.com](https://www.filasolutions.com)

CLEANERS

NOSPOT

SPRAY STAIN-REMOVER FOR TERRACOTTA, QUARRY TILES AND NATURAL STONE

Terracotta, quarry tiles, marble, granite and natural stone, agglomerates, concrete

WHAT IT'S FOR

- Removes greasy and oily stains from terracotta, quarry tiles, natural stone, granite, agglomerates, tumbled marble, stones or cobblestones, concrete.

ADVANTAGES

- Extremely practical with its easy-to-use spray.
- Very effective on external terracotta which is untreated or treated with non-filming products.
- Leaves no traces if the stain is fresh.
- Also perfect on quarry tiles and natural stone.
- Cleans where normal stain-removers do not reach.
- Guarantees excellent performance even on untreated surfaces.

Packaging:

200 ml cans in boxes of 12.

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

CLEANERS

PHZERO

STRONG ACID DESCALER

Terracotta, quarry tiles, porcelain tiles

WHAT IT'S FOR

- Removes dirt and building-site residues.
- Eliminates any saline efflorescences.
- Cleanses and removes deposits.
- It is essential for terracotta when other normal buffered acids for deposit removing are not effective.

ADVANTAGES

- Contains biodegradable ingredients
- Buffered acid, does not produce harmful fumes for the user and the environment: it does not contain hydrochloric acid.
- It has longer working time than pure acids which have an instant reaction and limited performance time.
- It's ideal for applying on vertical surfaces due to its viscosity.
- It removes deposits and cleans at the same time because it also contains surfactants.

Packaging:

5 litres: boxes of 4.

Coverage and dilution (1 litre):

Terracotta 1:5 20 m²

Porcelain tiles 1:5 40 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

CLEANERS

PS87 PRO

PROFESSIONAL DEGREASING CLEANING AGENT

Porcelain tiles, unpolished stone and agglomerates, glazed ceramic tiles, concrete, linoleum and pvc, terracotta, quarry tiles

WHAT IT'S FOR

- When diluted, it cleans and removes grease from dirty floors in porcelain tiles, ceramic tiles, natural stone, terracotta and concrete.
- When undiluted, it removes stubborn stains from porcelain floor tiles.
- Excellent for basic cleaning of natural stones that are sensitive to acids.
- Ideal for basic cleaning of concrete surfaces.
- Wax-remover for water-based, metallic and re-polishable waxes.
- Eliminates pre-treatment residues from polished porcelain tiles.

ADVANTAGES

- Contains biodegradable ingredients
- A 3-in-one product: cleaner, stain-remover, wax-remover.
- The only one that can eliminate stubborn stains from porcelain tiles.
- It cleans but does not attack.
- Extremely easy to use.

Packaging:

1 litre: boxes of 12.

5 litres: boxes of 4.

Coverage and dilution (1 litre):

Maintenance 1:20 200 m²

Dewaxing 1:5 20 m²

Initial stone wash 1:5 30 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

CLEANERS

SR95

STAIN-REMOVER

Porcelain tiles, stone and agglomerates, glazed ceramic tiles, concrete

WHAT IT'S FOR

- Removes coloured, organic stains: wine, coffee, soft drinks, tea, indelible marker etc.

ADVANTAGES

- Removes ingrained stains where normal cleaners have no effect.
- Specially developed to remove stains from natural stone surfaces (marble, travertine, agglomerates).
- Can be confidently used on natural stone with a polished finish, because it does not attack the finish.
- Ideal for low-absorption ceramic surfaces (porcelain tiles, textured single-fired tiles).

Packaging:

75 ml bottles in boxes of 12.

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

ZEROSIL

SILICONE REMOVER

Porcelain tiles, ceramic tiles, marble, glass, metal

WHAT IT'S FOR

- Removes residues of silicone, glue, adhesive tape, old labels and polyurethane foam.
- Also effective for removing candle wax residues, resin and greasy/oily superficial stains in general.
- It is quick and handy to apply with the included spatula.
- Effective also in removing tar and bitumen stains.

ADVANTAGES

- Can also be used on marble, stone, grouting joints and other absorbent materials to remove surface residues.
- Viscous consistency: acts directly on the residue you want to remove, thus optimising its effect and avoiding wastage.
- Quick acting: it dissolves hardened silicone in 20 minutes.
- Has a pleasant citrus fragrance.

Packaging:

250 ml can: 12 pc box.

Before full application, carefully read the instructions on the product label or on the technical data sheet found at [filasolutions.com](https://www.filasolutions.com)

PROTECTORS

CONCRETE SHIELD

WATER-BASED
TECHNOLOGY

COLOUR-ENHANCING STAIN-PROOF SEALER FOR CONCRETE

Concrete, stamped concrete, interlocking pavers, marble chip
cement tile

WHAT IT'S FOR

- Enhances indoor and outdoor concrete surfaces and protects them against stains and water.
- Creates a barrier that facilitates the removal of oil and grease before they penetrate the surface.
- When applied outdoors on interlocking pavers, marble-chip tiles and stamped concrete, it makes surfaces resistant to weathering.
- Strengthens industrial floors in warehouses, showrooms and garages and makes them dust resistant.
- When applied on residential flooring, the treatment may be completed with a wax finish.

ADVANTAGES

- Eco-friendly: does not contain hydrocarbon solvents.
- Reversible treatment.
- Consolidating and dust-resistant action.
- UV resistant (ASTM G154).
- Water-based: not affected by residual moisture, hence drastically reducing on-site work time.
- An A+ classified product in accordance with the French VOC regulation

Packaging:

5 litres: boxes of 4.

With one litre of product:

Concrete 10-15 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

PROTECTORS

CONCRETE HYDRO

WATER-BASED
TECHNOLOGY

CONSOLIDATING WATER REPELLENT FOR CONCRETE

Concrete, plaster, brick, tuff

WHAT IT'S FOR

- Protects surfaces from deterioration due to atmospheric agents, strengthening them and preventing chalking
- Prevents water absorption while maintaining the surface breathable
- Prevents the build-up of efflorescences such as carbonates, sulphates and saltpetre
- Limits the growth of algae, moulds and lichens and counters blackening induced by smog and pollution.
- Makes the material compact, resistant and durable
- Ideal for floors, coatings and decorative elements, both indoors and outdoors, made of cement, concrete, plaster, reconstructed stone, brick and tufa

ADVANTAGES

- Water-based technology
- Breathable dust-resistant action
- It does not create a surface film nor does it alter the material's finish
- UV-resistant treatment that does not yellow over time
- Ready to use
- Concrete and plaster treated surfaces can be painted
- A VOC-free product with a low environmental impact and INDOOR AIR COMFORT GOLD certificate*

** A VOC-free product with a low environmental impact and INDOOR AIR COMFORT GOLD certificate. The product has passed the applicable stringent requirements and conforms to all compulsory national standards (for example: French A+, CAM Edilizia, Belgian Regulation, AgBB, etc.) as well as innovative environmental sustainability criteria, such as LEED, BREEAM, WELL. For further information consult www.filasolutions.com/ita/azienda/ricerca-e-sviluppo*

Packaging:

5 litres: boxes of 4.

With one litre of product:

Concrete, plaster, brick, tuff up to 8 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

PROTECTORS

CONTRACTOR'S CHOICE

**WATER-BASED
TECHNOLOGY**

CONTRACTOR'S CHOICE SEALER

Concrete, stamped concrete, interlocking pavers, marble chip cement tile

WHAT IT'S FOR

- Protects natural stone and grout joints from stains.
- Protects grout joints from water and humidity.
- Makes cleaning fast and easy.
- Keeps grout joints looking new for years.
- Can be used both indoors and outdoors.

ADVANTAGES

- Eco-friendly: water-based.
- Dual-action: protects grout joints and makes cleaning easier.
- Does not alter grout joint color.
- Odorless.
- Fast drying.
- VOC free: contributes towards LEED credits.
- PFOA free: non carcinogenic.

Packaging:
3,78 litres: boxes of 4.

With one litre of product:

Natural stone 33 m²

Cement grout joints

Min coverage - 90 m²

Max coverage - 185 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

PROTECTORS

FOB XTREME

ADVANCED **SOLVENT** Technology

EXTREME WATER- AND OIL-REPELLENT PROTECTION

Natural stone and agglomerates, marble and granite, concrete, tuff, wpc, terracotta, quarry tiles

WHAT IT'S FOR

- Water- and oil-repellent: it hampers the absorption of common watery and oily stains.
- Protective base coat before waxing interior surfaces with rustic or textured finishes.
- Excellent for the treatment of grit and coloured cement tiles.
- Natural-finish breathing protection.

ADVANTAGES

- Does not alter original colour and appearance.
- Does not form surface film
- Does not alter terracotta frost resistance.
- Excellent on rustic ground terracotta and tumbled marble.
- Ideal for use near kitchens, barbecues and car driveways.
- Ideal for interior and exterior surfaces.
- Treated surfaces are safe for food contact
- An A+ classified product in accordance with the French VOC regulation

Packaging:

1 litre: boxes of 6.

5 litres: boxes of 4.

With one litre of product:

Stone 10/30 m²

Terracotta rustic Tuscan, polished
15/20 m²

Terracotta handmade up to 10 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

PROTECTORS

HYDROREP

WATER-REPELLENT PROTECTION

Unpolished marble and granite, unpolished stone and agglomerates, concrete, manufactured stone

WHAT IT'S FOR

- Protects outdoor floors from water and damp.
- Makes walls and coverings water-repellent.
- Ideal for concrete.
- Protects grout joints.
- Protects against deterioration due to weather conditions.

ADVANTAGES

- It provides a breathable, lasting and renewable protection.
- Does not affect the material's natural look.
- Does not yellow with ageing or with any environmental condition.
- High penetration depth.
- Provides high coverage.
- Prevents moss and mould formation.
- It protects against efflorescence.
- An A+ classified product in accordance with the French VOC regulation

Packaging:

1 litre: boxes of 12.

5 litres: boxes of 4.

With one litre of product:

Natural stone 10/20 m²

Concrete 5 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

PROTECTORS

HYDROREP ECO

**WATER-BASED
TECHNOLOGY**

ECO-COMPATIBLE WATER- REPELLENT PROTECTION

Unpolished stone and agglomerates, concrete, terracotta, exposed bricks, quarry tiles, plaster, tuff

WHAT IT'S FOR

- Water-repellent with natural finish.
- Deeply penetrates the material while allowing the surface to breathe.
- Hampers the build-up of algae, moulds and lichen.
- Protects the surface against deterioration caused by weathering.

ADVANTAGES

- Anti-fouling barrier certified by tests conducted in conformity to the UNI EN ISO 846: 1999 method.
- Ideal for protecting exterior walls.
- Resists UV radiation.
- Does not alter terracotta frost resistance.
- It protects against efflorescence.
- Can be applied to surfaces with residual moisture: drastically reduced application times.
- The treatment preserves the material's level of breathability above 90%.
- An A+ classified product in accordance with the French VOC regulation

Packaging:

1 litre: boxes of 12.

5 litres: boxes of 4.

With one litre of product:

Terracotta, exposed brick walls, quarry tiles, stone, plaster 10/20 m²

Concrete 8-10 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

PROTECTORS

MP90

WATER- AND OIL-REPELLENT PROTECTION

Polished porcelain tiles, marble and granite, stone and agglomerates

WHAT IT'S FOR

- The best stain-proofing product for porcelain tiles, marble and granite.
- It offers an anti-graffiti treatment for vertical natural stone surfaces.
- It is ideally suited for protecting kitchen and bathroom tops.
- Stain-proofing: it hampers the absorption of common watery and oily stains.

ADVANTAGES

- Does not change the natural colour of surfaces.
- Does not form surface film.
- Treated surfaces are safe for food contact
- Impregnates, protects, and makes cleaning easier.
- It waterproofs, protects and facilitates cleaning.
- Ideal for the protection of crackle glazed tiles.
- An A+ classified product in accordance with the French VOC regulation

Packaging:

1 litre: boxes of 6.

5 litres: boxes of 4.

With one litre of product:

Marble/Granite 30 m²

Porcelain 30-40 m²

Venetian terrazzo 30 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

PROTECTORS

MP90 ECO XTREME

EXTREME ECO-COMPATIBLE WATER- AND OIL-REPELLENT PROTECTION

Polished porcelain tiles, marble and granite, natural stone and agglomerates, concrete

WHAT IT'S FOR

- Water- and oil-repellent with natural finish.
- The best environmentally-friendly stain protection for porcelain tiles, natural stone, marble and granite with polished, brushed and matt smoothed finishes.
- Reduces absorption without affecting the material's natural look.
- It waterproofs, protects and facilitates cleaning.
- It is also ideal for grouting joints, ceramic and crackle effect surfaces, grit, resin-marble, and stone slabs.
- Is also suitable for treating coloured cement tiles and manufactured stones.
- It provides an anti-graffiti protection that prevents graffiti paint from bonding to surfaces. It speeds the cleaning process because graffiti can be easily removed.
- Water- and oil-repellent: it hampers the absorption of common watery and oily stains.

ADVANTAGES

- A product with an extremely low VOC and a low environmental impact; it also has the INDOOR AIR COMFORT GOLD certificate**
 - Free of hydrocarbon solvents: eco-friendly treatment
 - Being a water-based product, it withstands residual humidity conditions and can therefore be applied 24–48 hours after the initial wash, thus speeding up the treatment
 - Single-coat application: apply the product and rub it gently over the surface until it is completely absorbed
 - Does not form surface film and does not yellow
 - Ideal for protecting tables, as well as kitchen and bathroom tops
 - The surface can be walked on after just 2 hours*
 - *Application conditions: temperature = 20°C - humidity < or = 60%
- Apply according to the indications shown on the label.

*** A product with an extremely low VOC and a low environmental impact; it also has the INDOOR AIR COMFORT GOLD certificate. The product has passed the applicable stringent requirements and conforms to all compulsory national standards (for example: French A+, CAM Edilizia, Belgian Regulation, AgBB, etc.) as well as innovative environmental sustainability criteria, such as LEED, BREEAM, WELL. For further information consult www.filasolutions.com/ita/azienda/ricerca-e-sviluppo*

Packaging:

1 litre: boxes of 6.

5 litres: boxes of 4.

With one litre of product:

polished porcelain tiles 30-50 m²

Polished Marble/Granite 20-30 m²

Matte polished stone 10/20 m²

PROTECTORS

PW10

**WATER-BASED
TECHNOLOGY**

ECO-COMPATIBLE PRE-LAYING TREATMENT AGAINST EFFLORESCENCE

Back of natural stone surfaces, granite, marble, agglomerates, terracotta and absorbent materials

WHAT IT'S FOR

- Efflorescence-blocking sealant to be applied before laying on the back of tiles and absorbent paving slabs
- The product stops contaminants rising up from the substrate to the material surface (salts, tannin, oxides etc.), preventing the formation of streaks and/or stains.
- Specific product for natural stones, granite, marble, agglomerates, terracotta and absorbent materials.
- It has water-repellent and consolidating properties.

ADVANTAGES

- The product stops contaminants rising up from the substrate and prevents the formation of stains and streaks on the surface.
- It does not form a surface film and allows treated materials to breathe.
- In accordance with the UNI EN 1348-2009 and ASTM C482-02 R-2009 standards, it does not essentially alter the adhesion properties of the glue.
- Water-based product
- Ultimate protection
- Ideal for floors and all surfaces.
- When applied to natural stone, concrete and other absorbent materials after laying, it prevents the blackening of the material caused by smog, pollution, carbonation and sulphation processes and biodeterioration.
- A VOC-free product with a low environmental impact and INDOOR AIR COMFORT GOLD certificate*

*A VOC-free product with a low environmental impact and INDOOR AIR COMFORT GOLD certificate. The product has passed the applicable stringent requirements and conforms to all compulsory national standards (for example: French A+, CAM Edilizia, Belgian Regulation, AgBB, etc.) as well as innovative environmental sustainability criteria, such as LEED, BREEAM, WELL. For further information consult www.filasolutions.com/ita/azienda/ricerca-e-sviluppo

Packaging:

5 litres: boxes of 4.

100 litres.

Approximate coverage (1 litre): 10-15 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

PROTECTORS

STONEPLUS

WATER- AND OIL-REPELLENT PROTECTIVE AGENT WITH REVIVING EFFECT

Stone and agglomerates, marble, granite

WHAT IT'S FOR

- Protects and revives the original colour of polished, untreated and tumbled natural stone.
- Deeply penetrates the material and protects it from watery or oily stains and dirt.
- Ideal for all stone applications, worktops, rosettes and any decorative stone objects.
- Excellent for use indoors and outdoors.

ADVANTAGES

- Produces a reviving effect on all finishes.
- For indoor and outdoor use.
- Does not yellow, resists UV radiation, and it provides enduring protection.
- Extremely high coverage.
- It also eliminates granite minute excoriations.
- Does not form surface film
- Treated surfaces are safe for food contact
- An A+ classified product in accordance with the French VOC regulation

Packaging:

1 litre: boxes of 6.

5 litres: boxes of 4.

With one litre of product:

Polished stone 30-50 m²

Untreated stone 15-25 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

PROTECTORS

STONEPLUS ECO

**WATER-BASED
TECHNOLOGY**

COLOUR-ENHANCING PROTECTIVE AGENT

Natural stone, marble, granite

WHAT IT'S FOR

- Colour-reviving protector.
- Protects and revives the original colour of polished, untreated and tumbled natural stone.
- Penetrates deep down into the material and reduces dirt absorption.

ADVANTAGES

- Produces a reviving effect on all finishes.
- Product with extremely low VOC emissions, helps to gain Leed Credits in accordance with the U.S. and Italian protocols.
- Water-based: eco-friendly treatment
- Being a water-based product, it withstands residual humidity conditions and can therefore be applied a few days after the initial wash, making treatment quick.
- It also revives grouting, does not yellow or form a surface film, and withstands UV radiation.
- Does not form surface film.
- Treated surfaces are safe for food contact
- An A+ classified product in accordance with the French VOC regulation

Packaging:

1 litre: boxes of 6.

5 litres: boxes of 4.

With one litre of product:

Polished stone 30-50 m²

Untreated stone 15-25 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

STOP DIRT

DIRT REPELLENT

Textured porcelain tiles, unpolished porcelain tiles, lappato porcelain tiles

WHAT IT'S FOR

- Makes cleaning quick and easy and surfaces hygienic
- Improves the material's resistance to dirt
- Maintains the original appearance of the material over time

ADVANTAGES

- Provides prolonged protection over time
- For interior and exterior use
- High coverage.
- Does not alter the material's slip resistance (tests conducted in conformity with B.C.R.A. and ASTM C 1028-2007 methods).
- Does not form surface film
- UV resistant and non-yellowing
- An A+ classified product in accordance with the French VOC regulation

Packaging:

500ml: boxes of 12.

With one litre of product:

Textured, natural and Lappato porcelain tiles up to 70 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

**WATER-BASED
TECHNOLOGY**

STAIN PROTECTOR FOR UNPOLISHED SURFACES

Unpolished stone and agglomerates, terracotta, quarry tiles, concrete

WHAT IT'S FOR

- Seals and protects porous materials such as untreated natural stone, terracotta and concrete from oily dirt.
- Stain-proofing: it hampers the absorption of common watery and oily stains.
- Suitable for interior and exterior surfaces.
- For use on interior floors as a protective base-coat before the application of wax.
- It provides an anti-graffiti protection that prevents graffiti paint from bonding to surfaces. It speeds the cleaning process because graffiti can be easily removed.

ADVANTAGES

- Natural finish: does not alter the surface's original appearance.
- A water-based product free of hydrocarbon solvents, which makes the treatment more eco-friendly and drastically reduces the treatment times as it can be applied to surfaces with residual moisture.
- Does not form surface film
- Does not alter terracotta frost resistance.
- Excellent also for concrete surfaces.
- Treated surfaces are safe for food contact
- A VOC-free product with a low environmental impact and INDOOR AIR COMFORT GOLD certificate*

** A VOC-free product with a low environmental impact and INDOOR AIR COMFORT GOLD certificate. WET ECO

**WATER-BASED
TECHNOLOGY**

WET-LOOK COLOUR ENHANCING PROTECTOR

Unpolished natural stones, unpolished agglomerates, terracotta

WHAT IT'S FOR

- Stain-proof sealer and anti-dirt product with wet effect for unpolished natural stone surfaces, unpolished agglomerates and terracotta.
- Prevents the absorption of stains and facilitates dirt removal.
- Particularly suited for exterior use; also effective in interiors
- Prevents surfaces from flaking.

ADVANTAGES

- Eco-friendly treatment: water-based
- High resistance to heavy traffic
- Resistant to weathering
- Does not peel nor yellow.
- Eases subsequent maintenance
- Does not alter the frost resistance of terracotta (UNI EN ISO 10545-12).
- A plant-based product: developed using raw materials of organic origin and renewable resources
- A VOC-free product with a low environmental impact and INDOOR AIR COMFORT GOLD certificate*

** A VOC-free product with a low environmental impact and INDOOR AIR COMFORT GOLD certificate. The product has passed the applicable stringent requirements and conforms to all compulsory national standards (for example: FrenchA+, CAM Edilizia, Belgian Regulation, AgBB, etc.) as well as innovative environmental sustainability criteria, such as LEED, BREEAM, WELL. For further information consult www.filasolutions.com/ita/azienda/ricerca-e-sviluppo*

Packaging:

1 litre: boxes of 12.

5 litres: boxes of 4.

With one litre of product:

Unpolished stones and agglomerates

10/20 m²

Terracotta 7/20 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

FINISHING

CLASSIC

ECO-FRIENDLY LIQUID WAX

Marble, venetian terrazzo, grit, natural stone, terracotta, cement tiles

WHAT IT'S FOR

- Protects floors in marble, travertine, and stone agglomerates including grit and terrazzo.
- Revitalises the shine of polished finishes.
- An ideal first and final coat for the traditional treatment of terracotta and for routine maintenance.

ADVANTAGES

- Provides a splendid natural sheen.
- Easy to apply and maintain.
- Protects surfaces from the effects of time.
- Does not degenerate with maintenance.
- Can be re-polished

Packaging:

1 litre: boxes of 12.

5 litres: boxes of 4.

With one litre of product:

Terracotta 30 m²

Stone 30-40 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at [filasolutions.com](https://www.filasolutions.com)

LONGLIFE

GLOSSY PROTECTIVE WAX

Terracotta, quarry tiles, slate, stone and agglomerates, rubber and pvc, plastic laminates, linoleum, resin, vinyl surfaces

WHAT IT'S FOR

- Protects floors subjected to high traffic.
- Perfect for flooring made from rubber, PVC, vinyl, plastic laminates, linoleum and resin.
- Ideal for protecting unpolished natural stone, granite and terracotta surfaces.
- Excellent also for maintaining quartz concrete floors treated with **BETON**.
- Generates a high-sheen and ultra-protective polymer surface film.
- Ideal for protecting polished natural stone floors in public areas.

ADVANTAGES

- No need to polish.
- High adhesion strength.
- Easy to apply.
- Can be undiluted or diluted as necessary.
- Maintenance can be carried out using a single-disc cleaning machine at high speed.

Packaging:

1 litre: boxes of 12.

With one litre of product:

Terracotta 30 m²

Stone 30-40 m²

Rubber/PVC, plastic laminates,

Linoleum, Resin (undiluted) 30 m²

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

CLEANERS

CLEAN&SHINE

SPARKLING CLEANLINESS IN THE HOME

Porcelain tiles, glazed ceramic tiles, stone, glass mirrors, leather, plastic laminates and rubber, steel, marble and granite, quartz and agglomerates

WHAT IT'S FOR

- Cleans all surfaces: wall tiles, ceramic tiles, plastic laminates, glazed surfaces, stainless steel, glass and mirrors.
- Ideal for kitchen and bathroom cabinet doors, office furniture and laminates.
- Ideal for tops made of marble, granite, marble and quartz agglomerates.

ADVANTAGES

- Contains biodegradable ingredients
- Delicate detergent for all surfaces
- Does not need rinsing.
- Quick drying.
- Does not smear.
- HACCP-compliant product
- Delicate formula with degreasing action
- Does not contain alcohol or ammonia
- Pet safe: suitable for spaces with domestic animals.

Packaging:

750 ml bottles with spray nozzle in boxes of 6.

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

CLEANERS

DEEPCLEAN

DESCALING CLEANING AGENT

Porcelain tiles, ceramic tiles, mosaics, glass, taps and chrome-plated elements

WHAT IT'S FOR

- Effectively removes limescale, without leaving traces or dull marks
- Thoroughly cleans all bathroom surfaces.
- Makes everything sparklingly clean.

ADVANTAGES

- Contains biodegradable ingredients
- Treats all bathroom surfaces, from sanitary fittings to coverings
- Active foam formula: does not drip
- Ideal for mosaics and taps
- Does not affect methacrylate tubs.
- Does not damage stainless steel tap fittings.
- Cleans and deodorises, leaving a pleasant scent of white musk and mint

Packaging:

750 ml bottles with spray nozzle in boxes of 6.

Before full application, carefully read the instructions on the product label or on the technical data sheet found at [filasolutions.com](https://www.filasolutions.com)

CLEANERS

FUGANET

SPECIFIC CLEANING FOR GROUTING

All types of grouting

WHAT IT'S FOR

- Thoroughly cleans grouts in ceramic tile floors and walls. Suitable for single-fired and double-fired porcelain tiles. Unsuitable only for porous surfaces treated with wax.

ADVANTAGES

- Contains biodegradable ingredients
- Extremely practical, easy-to-use packaging with ergonomic grip and spray applicator.
- Does not damage or corrode wall tiles
- Does not contain acids or sodium hypochlorite.

Packaging:

750 ml bottles with spray nozzle in boxes of 6.

With 750 ml of product:
up to 850 linear metres

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

CLEANERS

MARBLE REFRESH

POLISHES AND RENEWS MARBLE WORKTOPS

Marble, granite, natural stone, agglomerates: marble-resin
quartz-resin marble-concrete, quartz

WHAT IT'S FOR

- Cleans all natural stone surfaces treated with waterproofing products.
- Renews and maintains stain-proofing protection over time.
- Perfect for marble, quartz and granite worktops.
- Can also be used on absorbent ceramic worktops that have been previously waterproofed.
- Also suitable for marble-resin and quartz-resin.

ADVANTAGES

- Contains biodegradable ingredients
- Used on a daily basis, it cleans surfaces and reinforces stain-proofing protection treatment.
- pH neutral product, ideal also for the most delicate natural stone surfaces.
- Easy to use.
- Does not need rinsing.
- Quick drying.
- Pleasant fragrance.
- Treated surfaces are safe for food contact
- An A+ classified product in accordance with the French VOC regulation

Packaging:

750 ml bottles with spray
nozzle in boxes of 6.

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

CLEANERS

NODROPS

WATER-MARK PROTECTION

Shower cubicles, glass, glass mosaic, glazed ceramic tiles, mirrors

WHAT IT'S FOR

- Cleans and protects glass surfaces making them hydrophilic, the water runs off without leaving limescale residues.
- Ideal for shower cubicles.

ADVANTAGES

- Contains biodegradable ingredients
- Easy to apply, does not require rinsing as it leaves no smears, eco-friendly.
- Can be used for regular cleaning and maintenance of taps, steel elements and plexiglass.
- Its acid-free formula makes it suitable for use on or near acid-sensitive materials.
- If used regularly, no other limescale removers are required.

Packaging:

750 ml bottles with spray nozzle in boxes of 6.

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

CLEANERS

RAPIDSAN

ECO DISINFECTANT

All surfaces

WHAT IT'S FOR

- 3-in-1 action: cleans, disinfects and eliminates odours.
- Excellent for the daily disinfection of surfaces and frequently touched objects.
- Eliminates germs and bacteria.
- Ideal for disinfecting kitchen and bathroom surfaces, office furniture and laminates.
- Perfect for countertops in marble, granite, agglomerates in marble and quartz.
- Environment you can disinfect: household surfaces: kitchens, bathrooms, furniture, schools, offices, clinics, public buildings, hotels, community centres and retirement homes, hospitals.

ADVANTAGES

- Eco-friendly sanitising formula effective against germs and bacteria.
- Contains tea tree oil: essential oil with germ fighting properties.
- Leaves no chemical residue which could damage surfaces.
- Odour control formula: refreshes and deodorises.
- Pet safe: suitable for spaces with domestic animals.
- No rinsing needed.
- Quick drying.
- Does not harm even the most delicate surfaces.
- Degreasing action.
- HACCP-compliant product

Packaging:

750 ml bottles with spray nozzle in boxes of 6.

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com

PROTECTORS

FUGAPROOF

**water
-based**

GROUT PROTECTION

All types of grouting

WHAT IT'S FOR

- Protects and sanitizes cement-based grouts
- Facilitates dirt removal and routine cleaning
- Prevents water and stains from being absorbed into the surface

ADVANTAGES

- Ecological product: water-based
- Ready to use and easy to apply
- Safe for use with a spray applicator
- VOC-free: EC1^{Plus}-classified eco-friendly treatment
- Will not alter the colour of grouting
- Odourless
- Water-based technology: drastically reduces treatment times
- Can be applied to surfaces with residual moisture
- An A+ classified product in accordance with the French VOC regulation

Packaging:

750 ml bottles with spray nozzle in boxes of 6.

With 750 ml of product:
up to 850 linear metres

Before full application, carefully read the instructions on the product label or on the technical data sheet found at filasolutions.com
